SUMMARY

Experienced Full-Stack Developer specializing in the creation of cutting-edge web applications primarily leveraging JavaScript/TypeScript. Proficient in a diverse tech stack, including React, Spring Boot, AWS, Node.js, Express, MongoDB, MySQL, CodeCommit, and Git/GitHub.

Passionate about solving complex problems through coding, I adhere to industry best practices to ensure optimal solutions for each unique challenge. Committed to continuous learning, I thrive on exploring new frameworks, languages, and skills to fuel both personal growth and business-related goals. As a dedicated professional, I bring a dynamic approach to software development, staying ahead of industry trends and embracing innovation to deliver high-quality results.

EXPERIENCE
